

The green facade - Made from 100 % recycled plastics

The future is **100% RECYCLED.** 

**vinyPlus Shadow** Round profile *Wood texture foiled*

Spotlights on! All eyes on the shadow joint. Just like our evergreen vinyPlus profiles, the vinyPlus Shadow profiles are made from 100 % recycled plastic filmed with a UV-resistant textured foil. The high-quality foils impress with their variety of colours. This results in a modern, traditional appearance of a high-contrast, open cladding.
